## D. R. McIvor Unanimous Choice of Liberals

At a very enthusiastic meeting of the  
Liberals of the Macleod riding held at  
Macleod on Monday last, Mr. D. R. McI-  
vor, merchant and farmer, of Cowichan,  
was unanimously chosen as candidate  
for the forthcoming election. The nomi-  
nation was made by Mr. J. E. Gillis, of  
Blairmore, who referred to McIvor as  
"a man who will meet the present day  
issues squarely and bravely," and urged  
all to give him their support and assist him  
to victory.

Mr. McIvor, in a short address, thank-  
ed those present for their expression of  
confidence and for the honor they had  
conferred upon him. He stated that his  
interests were their interests, namely, to  
cast aside the present government. He  
always got along better in adversity than  
otherwise, so he had no special light to  
be more contented. He seemed to him  
that the affairs of the war and country  
of today were being handled by a few  
big financiers from Toronto, Ottawa and  
Montreal, and they are trying to put it  
over us by forming a so-called minor  
party with their chief base of operation  
at Ottawa. Everything he could do to fur-  
ther the interests of the straight Liberal  
party he would do. Mr. McIvor's nomi-  
nation was seconded by Mr. Moffat, of  
Christchurch.

At the same meeting the following offi-  
cers were elected for the Liberal Associa-  
tion of the Macleod riding: President,  
H. J. Steinhilber, of Macleod; First Vice  
President, E. E. Gilis, of Blairmore;  
Second Vice-President, Mr. MacDonald,  
of Staveland; Secretary, Clarence W. John-  
son, of Blairmore. It was decided that  
each president of a local association form  
one of the executive committee of the  
Macleod riding.

Similar resolutions were passed at the  
Edmonton convention the week pre-  
vious, were endorsed at this meeting.  
"Cheers for Laurier and the candidate,  
and the glory of the National Anthem  
brought the most enthusiastic meeting  
of Liberals ever held in Macleod to a  
close and the feeling expressed by the  
Liberals of the district is that their can-  
didate, Mr. McIvor, is going to win."

## A Card of Thanks

Mr. and Mrs. Vincent Ruzicka, of  
Frank, desire through The Enterprise to  
thank the people of Frank and district for  
the many expressions of sympathy ac-  
corded them in the recent loss of their  
home by fire; and especially to thank the  
committee composed of Messrs. John  
Brown, Evan Morgan, C. J. Thompson,  
P. W. Weir, W. P. Young, W. Cameron,  
J. Gilson, J. Anderson and P. Kornej, for  
through whose energies the handsome  
subscription reported elsewhere in this  
issue was raised.

## A Big Fish Yarn!

The Fernie Free Press says that  
L. Wheeler, of the Western Canada  
Wholesale staff, caught a bull  
trout in Saint Creek the other day  
which weighed 15 lbs. 9 ounces.  
This is the largest fish caught in  
this district for some time. Wheel-  
er is said to be noted for the mag-  
nifying qualities of his eye.  
While in the Pass a few weeks  
ago he shot what he took to be a  
wild goose, but on closer examina-  
tion of the unfortunate bird it was  
discovered to be a dwarf snipe.

A resolution was passed at the  
convention of teachers of Northern  
Alberta, held at Edmonton, asking  
the Alberta department of educa-  
tion to approach the British Co-  
lumbia department, urging rec-  
iprocity of teachers' certificates be-  
tween the two provinces.

#### Subscribe to The Loan

Subscriptions for Canada's Victory Loan  
opened on Monday, when teams in their  
respective districts in The Pass started on  
the campaign in real earnest. From  
what we can learn, the appeal is meeting  
with the most generous response and the  
cavassers have not the slightest reason  
to hope for discouragement.

It is impossible to speak too strongly of  
the necessity of such liberal response to  
the government's appeal. Not only will  
the war efficiency of the British Empire  
be affected by the result, but the prosper-  
ity of every Canadian producer.

"If we give our men to the cause and  
then fall on account of financial backing,  
their blood will be on our heads." These  
are the words of President Wood, of the  
United Farmers of Alberta, in urging  
that the farmers of this province should  
subscribe liberally to this loan. In order  
to meet immediate needs, at least \$150,-  
000,000 is required. This is the minimum  
amount at once in connection with the present  
campaign. More will be accepted if  
subscribed and put to the best of pur-  
poses.

In the circulars that have been issued,  
stress is laid upon the fact that all the  
money raised will be spent in Canada.  
It will be used in financing the purchases  
made by Great Britain in this country,  
principally in the purchase of agricul-  
tural products. It is not raised, these  
purchases cannot be made.

The financial burden imposed upon  
Great Britain as a result of the war are  
such that, though she is meeting them as  
no other nation is, she requires the assis-  
tance of her overseas dominions if she is  
to supply her needs. This being the case,  
should there be any doubt as to there-  
sponse which Canadians who have money  
available will make to the present cam-  
paign.

We Canadians and Americans are all  
so immersed in the war and its being  
successfully carried on, that we seldom  
stop to enquire what the neutral think  
about it. We can talk about the Cana-  
dians and the Americans being on one  
side and the Germans on the other, but  
we seldom trouble to place the neutral.

A little instance which tends to show  
where the neutrals stand came to light  
last week when a man who is by birth a  
Swede walked into the newspaper office  
at Vulcan and began inquiring about the  
new loan as he wanted to buy for him-  
self and for his wife. He was going to  
make her a present of the bonds when  
Christmas came around. Having ob-  
tained the information he went to the  
local secretary of the loan campaign and  
paid his money, with the request that  
his name should head the local list.

"You know," he said, "I am too old to  
fight but I want to show the people that  
if I can't fight I can do my share by  
backing the country with my money."  
Here is a grand spirit, the spirit of a  
man who has some idea of what he owes  
to the country which has furnished him  
with a home and a good living. People  
will know just where he stands; will you  
let them know where you stand by a  
similar action?

#### A Bit of Our History

London Daily Chronicle: Just  
now, when there is talk of taxing  
bachelors, and certainly of remitting  
some taxation to married men,  
it is curious to read what was done  
in Canada in 1870. A bounty was  
offered to all men under twenty  
years old who married. The happy  
father of ten children received a  
pension of 300 livres a year. An  
order was issued for bidding bache-  
lors to hunt fish, or trade with the  
natives, as punishment for celibacy.  
These ideas, according to Parkman,  
the historian, were successful.  
Throughout the length and breadth of  
Canada, hymen, if not Cupid,  
was whipped into a frenzy of ac-  
tivity.

#### "Best Girls"

The New York Herald wrote  
have "best girls" lay down the  
law, "no candy and no ice cream  
accepted." Who can estimate the  
saving power the adoption of this  
suggestion would entail? It would  
give the allies all the sugar they  
needed and leave us plenty. Will  
the girls take notice and govern  
themselves accordingly.

#### Take Notice

In addition it is desired to collect  
all photographs dealing with the  
Mobilization, Training and Departure  
of Troops together with pictures  
illustrating Horlows, Sports, Events

## What Will Canada's Answer Be?

OVER in the sodden trenches amid the bursting  
shells and the roar of artillery where Canada's  
boys are fighting and dying.

—they are waiting for Canada's answer when the  
sale of Victory Bonds begins.

CANADA'S soldiers expect that  
we at home will put up the mil-  
lions they need to keep on fighting.

—the millions they must have  
to win Victory for freedom, home  
and Canada.

What answer will Canada make?

What answer will you make?

Shall it be said that Canada  
spares not her sons from the sacri-  
fice of battle, yet withholds her  
dollars to give them victory?

Rather will it be said that Cana-  
da once more, for the fourth  
time in three years, cheerfully  
puts up her millions upon millions  
for the cause of freedom, right-  
eousness and justice.

Canada's answer must be,

—that the Canadian hand to  
the plow of Victory holds stead-  
fast and firm.

—that Canada is in deadly earnest  
when she says the "last man and  
the last dollar."

That is the answer Canada will  
give to our boys in the trenches,  
our kinsmen in Britain, and our  
Allies everywhere.

That is the answer we will give  
to the Huns who thought and said  
that Canada would desert the  
Empire before she would fight or  
pay.

Every bond you buy is an  
answer. Let the millions of an-  
swers from Canada's loyal men  
and women make a chorus of  
Victory to ring around the world.

#### Photographs Required

The officer in charge Canadian  
War Records has asked us to make  
known that it is desired to compile a  
complete history in photograph of  
the Canadians' share in the War, in  
the same way that all other belliger-  
ent countries are compiling similar  
records.

It is particularly desired to obtain  
photographs of all Officers, N.C.O.'s  
and Men who have served or are now  
serving in the Overseas Military  
Forces of Canada, and it is requested  
that an appeal should be made to this  
end through these columns.

All Officers and Other Rank serving  
Overseas may find it difficult to  
send in their photographs and their  
relatives are therefore especially ap-  
pealed to, to send in their photographs  
for them.

By preference the photographs  
should be unmounted and printed on  
bromide paper in order to ensure  
permanence. Each photograph  
should be accompanied by a concise  
record, not exceeding two or three  
hundred words, of the subject's mili-  
tary career, including date of enlist-  
ment, promotion, distinctions and so on,  
as this will greatly assist in obtain-  
ing a full and accurate  
record of all concerned.

In addition it is desired to collect  
all photographs dealing with the  
Mobilization, Training and Departure  
of Troops together with pictures  
illustrating Horlows, Sports, Events

tations, etc. Any photograph of this  
nature is regarded as a document of  
historical importance, and it is hoped  
that the possessors of all such photo-  
graphs will deem it their duty to  
send either the originals or copies,  
which will be immediately placed in  
the permanent Public Archives of  
the Dominion.

All photographs, which will be  
acknowledged, should be addressed to  
the Officer in charge Canadian  
War Records, 14 Clifford St., Post  
St., London, W. 1, England.

"Did you ever know positively  
that an advertisement published in  
your paper got results?" asked  
the man who doesn't believe in  
advertising.

The editor scratched his head  
and studied a while; then he said:  
"Yes, one. One that I am posi-  
tively brought results."

"What was it?"  
"Well, one time I lost my um  
brellin, and I put in a short notice,  
telling the reader to keep it."  
"Well?"  
"He did."

MILLINERY REDUCTIONS at

ably for cash. Call on The En-  
terprise for particulars.

O. E. S. Whiteside returned home  
to Coleman on Sunday from Cal-  
gary, where he had been in atten-  
dance at a meeting of the Rocky  
Mountain branch of the Canadian  
Mining Institute.

At a meeting of some two hun-  
dred delegates held at Macleod on  
Monday, Donald R. McIlroy, of  
Cowley, was unanimously chosen  
as liberal candidate to contest the  
Macleod federal constituency in  
the forthcoming election.

We are again obliged to hold  
October school report over for an-  
other week, owing to crowded  
space.

# Canada's Victory Loan

**\$150,000,000 5 1/2% Gold Bonds**

Bearing interest from December 1st, 1917, and offered in three maturities, the choice of which is optional with the subscriber, as follows:

5-year Bonds due December 1st, 1922  
10-year Bonds due December 1st, 1927  
20-year Bonds due December 1st, 1937

This loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund. The amount of this loan is \$150,000,000, exclusive of the amount of any part of the amount subscribed in exchange of bonds of previous issues. The Minister of Finance reserves the right to alter the whole or any part of the amount subscribed in exchange of bonds of previous issues.

The proceeds of this loan will be used for War purposes only, and will be spent wholly in Canada.

Principal and interest payable in Gold  
Denominations: \$50, \$100, \$500 and \$1,000

Subscriptions may be in the name of one or more individuals, or in the name of a corporation, partnership, firm, or association, or in the name of the Minister of Finance and Receiver General at Ottawa, or at the Office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary and Vancouver.

## Bearer or Registered Bonds

Bonds may be registered as to principal or as to principal and interest. Bearer bonds, non-negotiable, or payable to bearer, are issued to the applicant for registered or bearer bonds, will be issued after the applicant has been examined and found to be a bona fide subscriber, and will be issued to the applicant in exchange for bonds, when presented, with coupons attached, payable to bearer, or registered as to principal, or for fully registered bonds when presented, without coupons, in accordance with the application.

Delivery of interest certificates and of definitive bonds will be made through the Chartered Banks. Bearer bonds with coupons will be issued in denominations of \$50, \$100, \$500, and \$1,000, and will be registered as to principal only. Fully registered bonds, the interest on which is paid direct to the owner by Cheques or drafts, will be issued in denominations of \$1,000, \$500, or any authorized multiple of \$1,000.

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will be entitled to convert into bearer bonds of the denomination of \$1,000, with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons, at any time, on application to the Minister of Finance.

## Surrender of Bonds

Holders of Dominion of Canada Debenture Stock, due October 1st, 1919, and bonds of the three preceding Dominion of Canada War Loan Issues, have the privilege of surrendering their bonds in full payment for subscriptions to bonds of this issue, under the following conditions:

Debenture Stock, due October 1st, 1919, at Par and Accrued Interest.  
10% on January 1st, 1919, at 97 1/2% and Accrued Interest.  
The above will be accepted in full payment for bonds of any of the three maturities of this issue.  
War Loan Bonds, due October 1st, 1919, at 97 1/2% and Accrued Interest.  
War Loan Bonds, due March 1st, 1922, at 97 1/2% and Accrued Interest.  
(These will be accepted in full payment for bonds of the 1937 maturity ONLY of this issue.)

Bonds of the various maturities of this issue, in the event of future issues of the maturity or longer, made by the Government, other than issues made, or about to be made, and accrued interest, at the equivalent of cash for the purpose of subscription to such issue.

## Issue Price Par

Free from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

Payment to be made as follows:

10% on December 1st, 1917, at 97 1/2% and Accrued Interest.  
10% on January 1st, 1918, at 97 1/2% and Accrued Interest.  
10% on February 1st, 1918, at 97 1/2% and Accrued Interest.  
A full half year's interest will be paid on 1st June, 1918.

The Bonds therefore give a net interest yield to the investor of about:

**5.61% on the 20 year Bonds**  
**5.68% on the 10 year Bonds**  
**5.81% on the 5 year Bonds**

All payments are to be made to a Chartered Bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments made to forfeit, and the subscriber to forfeit his right to a deposit of 10% of the amount subscribed, must be forwarded through the medium of a Chartered Bank.

In case of partial allotments the surplus amount will be applied toward payment of the amount due on the January instalment. Subscriptions may be made in full on January 2nd, 1918, or on any instalment due date thereafter under discount at the rate of 5 1/2% per annum. Under this provision payments of the balance of subscriptions may be made as follows:

If paid on January 2nd, 1918, at the rate of 98.1075% per \$100.  
If paid on February 1st, 1918, at the rate of 98.215% per \$100.  
If paid on March 1st, 1918, at the rate of 98.3225% per \$100.  
If paid on April 1st, 1918, at the rate of 98.43% per \$100.

Forms of application may be obtained from any branch of the Canada of any Chartered Bank, or from any Victory Loan Committee, or member thereof, and may be obtained on application to the Minister of Finance.

Applications will be made in due course for the listing of this issue on the Montreal and Toronto Stock Exchanges.

Subscription Lists will close on or before December 1st, 1917.

DEPARTMENT OF FINANCE,  
OTTAWA, November 12th, 1917.

## Cowley Happenings

Fred Crawford and bride have moved into town to reside.

Born—To Mr. and Mrs. F. Goddard, of Tennessee district, a son.

W. Knight and H. Pettit were Pincher Creek visitors on Friday last.

Mr. and Mrs. McKewen attended the dance at Maycroft on Friday night.

The weather still remains ideal. One would think it September instead of November.

Miss Mattie Willoughby has returned from Macleod after spending the week end there.

Mrs. McDonald and her brother, Mr. Mitchell, of Maycroft, were visitors to town on Friday.

The wedding is announced of James Downie and Mrs. M. Bousleach, both of the Glen Ranch.

H. C. Morrison and family moved to Pincher Creek on Wednesday, to attend the picture show.

Ray Simmons, who has been in the district for over a year, left on Saturday night for his home in Kentucky.

P. R. McIvor, of Cowley, has been handed the nomination as a Liberal candidate by the Macleod convention.

George Spotton and family, of North Fork, motored in to Pincher Creek for two evenings last week, to attend the picture show.

Mrs. Cleland and two daughters, Alice and Ruth, returned from Lethbridge on Sunday morning's train, after spending a few days with friends there.

While working on top of a building, P. Fortier had the misfortune of falling and getting one of his feet badly hurt. We hope he will be around in a few days.

Principal Hargrove and Miss

Hempster, of the Cowley school; Miss M. Hargrove, of Glen Creeks school; and Miss Terrill, of Tanner school, all attended the teachers' convention at Lethbridge on Thursday and Friday.

Mr. and Mrs. Andrew Petrie have just their baby girl, who died on the 9th after a three days' illness from pneumonia. The baby was but three months old. Interment took place in the Cowley cemetery on Sunday, the 12th.

Sgt. R. Switt, who has been in the trenches for several months, is reported wounded. Word came Saturday morning by telegram to Mrs. Swift, stating that Mr. Swift had been wounded in the right shoulder and is now in hospital. Dick's many friends will learn this news with regret. He has the sincere sympathy of all.

Gordon Woodhead, of Tennessee district, has disposed of his household effects, rented his ranch, and left for Manitoba the other night to join his wife and daughter, who went to Mr. Woodhead's parents some time ago. We understand that Mr. and Mrs. Woodhead have purchased a farm in Manitoba near Mr. Woodhead's parents and will make their future home there.

Cowley Lodge No. 20, I.O.O.F., held an A.T. Home for its members in the hall on Friday night last. Dancing, musical numbers, recitations, speeches and card games took up the evening—mostly dancing, however. Bros. Burles and Cockrell made speeches, at least that's what they said they were. Bro. Morrison was to have given a reading, but to date he is still looking for the book. Bro. Mowat gave two stirring recitations. Bro. Fred Tuatua gave a song, and Mrs. Ed Grove a piano selection. Mrs. R. Littleton also favored with a step-dance, at which she excels. The programme was, rather short, but this being the first dance, the

members hope for a better line up next time. The supper, which was served at midnight, was provided by the wives of "married" members and was a pleasant surprise, both in quality and quantity.

A combined school fair, basket social, concert and dance will be given by the teachers of the Cowley school in the Cowley hall on Friday, November 23rd. A prize list of over fifty dollars has been provided, as per appended. The Pincher Creek orchestra will supply music for the evening.

## Plan to Prevent Stock Depletion

Co-operative Scheme Adopted by Agricultural Department and Railways

Hon. Martin Burrell, minister of agriculture, in a statement issued to the Canadian Press, Ltd., outlines a co-operative plan reached between the department and the Canadian railways. The aim of the scheme is to prevent depletion of Canadian breeding and feeding stock in Canada, and to secure the return of feeding and breeding stock to the farms. It comprises:

A redistribution policy, which will provide for the movement of stock from areas where feed is light to areas where feed is plentiful.

Free freight policy in connection with the transportation of breeding cattle and breeding sheep.

Fifty per cent. rebate of the freight rate on carloads of breeding cattle from Winnipeg to country points in the eastern provinces.

Free shipments of carloads of breeding sheep and lambs from Toronto and Montreal to the west.

Mr. Burrell outlines the plan as follows:

"The Canadian railways have agreed to issue a special tariff in connection with the transportation of carloads of breeding cattle and of breeding sheep. Under this tariff the railways will rebate twenty-five per cent. of the regular freight rate, while the minister, on behalf of the government, has agreed to pay the remaining seventy-five per cent. The tariff will be applicable to stock both Eastern and Western Canada, but not between Eastern and Western Canada, in connection with the return of carloads of breeding stock from the central stock yards to country points.

"The shipper will be required to make a declaration that he is a bona fide farmer, and that the stock is returned to his own use, or that of his neighbors, and is for breeding purposes only.

"On presenting the certificate embodying this declaration, the shipper will be allowed to proceed to the stock branch at the railway station, where the stock is entitled to the free shipment of the stock to its destination. The railway companies have agreed to forward such shipments at special rates. A portion of the freight which the minister has agreed to pay will be applied to the special tariff in connection with the return of the stock to the representative of the Dominion live stock branch located at the several stock yards throughout Canada.

"A special tariff has been issued by the Canadian railways applicable in both Eastern and Western Canada, but between Eastern and Western Canada, which provides for a reduction of twenty-five per cent. of the

usual freight tariff in connection with the shipment of carloads of feeding stock from the central yards to country points. This important concession has been applicable in Western Canada for the past year, and was confirmed as to its application in Eastern Canada at the regular monthly meeting of the Eastern Canada Freight Association held in Toronto on the 27th of September last. "The most serious leakage through the exportation and slaughter of cattle is from the Winnipeg stock yards. This is due to the conditions in Western Canada, resulting in premature liquidation from several areas in the Prairie Provinces. In view of the fact that feed conditions in Eastern Canada are so satisfactory and the demand for feeding cattle so general, the minister has agreed to pay 50 per cent. of the freight rate in connection with the shipment of carloads of feeding cattle from the Winnipeg stock yards, consigned to country points in the Eastern provinces.

"A concession will be applicable to both drovers and farmers alike. Shippers consigning to Eastern stock yards, however, will not be entitled to the reduction. Full details regarding this policy may be obtained from the representative of the Dominion live stock branch at the Union Stock Yards, St. Boniface, Man.

"An arrangement has been effected between the department and the Canadian railways, as a result of which carloads of breeding sheep and lambs from Toronto and Montreal stock yards will be shipped to Western Canada, freight free. The general demand for sheep in the Prairie Provinces indicates that a satisfactory outlet may there be obtained for any surplus which now exists in Eastern Canada. It is believed that a free freight tariff in connection with this movement will divert in that direction the majority of any good breeding lambs now finding their way to the Toronto and Montreal yards, and which are now being purchased on export or packing house account. Persons desiring to secure sheep in Eastern Canada will also be entitled to receive the benefit of the free freight policy as noted above.

"The car lot policy, which has been operating in Western Canada for the past year, will be continued. Under its provisions, bona fide farmers or their agents desiring to obtain carloads of feeding and breeding cattle or sheep at the western stock yards will be entitled to collect from the department their reasonable personal and traveling expenses incurred in connection with the journey between their homes and the yards. Information regarding the details of this policy may be obtained from the

representatives of the Dominion live stock branch, the stock yards at Winnipeg, Edmonton and Calgary. In connection with the concessions granted to shippers through the services of the officers of the Dominion live stock branch stationed at the various stock yards throughout Canada. These men are in close touch with conditions at the markets and are instructed to give every assistance in their power. They have been given full details regarding the various concessions here enumerated and inquiry regarding these should be made to them directly or to the Acting Live Stock Commissioner, Department of Agriculture, Ottawa.

### Buttermaking on the Farm

Valuable Information Contained in Government Bulletin

In Bulletin No. 33 of the dairy and stock raising branch of the department of agriculture, Ottawa, Mr. George H. Barr, chief of the dairy division, in an address before the process of buttermaking from the raw milk until it is ready for the market. He points out the defects sometimes found in dairy butter and explains how they are caused and the steps to be taken to make the butter of the highest quality. He gives statistical results of results of separating at different temperatures and at variations in speed. He describes what is necessary to get rich cream and the manner of churning. He advises as to salting and working the butter and counsel as to the wisdom of care in packing and of using parchment paper of good quality. After passing reference to the regulations regarding the branding of butter, he concludes with some suggestions as to utensils and their care and the way to get the best results in farm dairy work. Blue prints of the plans given can be had from the dairy and stock raising branch of the department of agriculture, Ottawa, and the bulletin itself can be had free, either by mail or by direct communication with the commissioner or from the Publications Branch of the Department of Agriculture, Ottawa.

### Hauling Grain to Market

Tractor Trains Coming Into Use for Moving Crops

The sight of long trains of wagons loaded with grain and pulled by a tractor will not be an uncommon one, especially where the larger farms are located in the West. The tractor-trains will permit the moving of crops night and day if it should become necessary. The tractor is used to solve the farm transportation problem. In farming districts where road conditions are poor, the tractor will be used in hauling crops to the larger market centres, which will relieve the railroads of much short-haul business. An important factor in arousing the farmer to the use of the tractor is the power to his equipment is the high cost of feeding work horses. A tractor can be used to haul crops, less than the cost of feeding four or five horses required to do the same work in connection with the movement of carloads of feeding cattle from the Winnipeg stock yards, consigned to country points in the Eastern provinces.

### Egg Prices Assured

Last Year Canada Imported Seven Million Dozen Eggs From the U. S.

The British government has issued orders that for the time being, at least, no grain which can be used for human consumption is to be fed to horses, mules, swine, etc., except as rationed by the food commissioners and they further "recommend" that no domestic fowls be kept except those which can be fed on table scraps, garden waste, etc. This means our allies must depend upon the United States and Canada for countless thousands of sick and wounded soldiers who positively must have eggs.

Last year Canada exported to England over fourteen million dozen eggs and imported seven million dozen eggs from the United States, besides this country exported millions of eggs direct to England and now we must supply the needs of France, Belgium and many neutral countries.

There is no reason for poultry raisers to feel blue over the present cost of poultry foods, says Russell F. Palmer in the American Poultry Journal.

Poultry, both for meat and for breeding use, will be higher priced next season and in seasons to come than ever before.

Save Slices of Bread The department of agriculture estimates that if each of our 20,000,000 families throws away an ordinary slice of bread daily the country's waste for twenty-four hours is 875,000 pounds of flour, or over a million one-pound loaves. At this rate we would destroy yearly 1,500,000 barrels of flour or enough for 365,000,000 loaves of bread—San Francisco Argonaut.

### Cannot Understand Why Canada in War

Lieut. O'Grady Tells of Conditions in German Prison Camps

Lieut. O'Grady, taken prisoner by the Germans at Ypres, April 15, 1915, related a series of interesting experiences at the Rotary club lunch on at the Fort Garry hotel, says the Winnipeg Free Press. He spoke of his trip to prison camp with other prisoners huddled together in a box car; of the curiosity of the German officers and civil population and the attitude of the German toward the prisoners of the war. "German cannot understand the close relationship between Canada and Britain and express wonder that Canada should have participated," he said. "Many of them think we fight because of the money in it, until told of good paying positions sacrificed to join the colors, which increases their wonder."

Lieut. O'Grady said that Germany has a wonderful food organization. The men on the front secure excellent food. Those back of the line are badly, while those in the rear are thankful for whatever they can get. German soldiers in this class have been arrested for various offenses and food has been found in their pockets.

The Germans have no sense of humor, he declared. Incidents that make British and Canadian soldiers feel that they are being deceived by the Swiss, and upon his exchange, by the French.

White in Germany, Lieut. O'Grady was in Paderborn, Stralsund, and passed through Berlin under guard.

### Live Simply

Everyone Should Talk, Preach and Act Economy

Courage and leadership should set precisely an opposite spirit to the fore in every community. How simply can each of us live? That ought to be the goal of competition now. At the bottom of the scale it may mean one less "movie" or a last year's hat. At the top it may mean anything from last year's automobile to next year's chateau. The amount of needless spending, the amount of possible saving, is not the point. The point is that every American ought to talk, preach and act economy. Every community ought to get down to common-sense dressing and common-sense entertaining. The family most respected ought to be the family that makes the greatest sacrifice of extravaganzas and that succeeds in reducing its living expenses to the simplest, most sensible scale—and then puts the greatest proportion of its savings into Liberty bonds.—New York Tribune.

### Vary the Ration for Your Chickens

Do not get into the habit of feeding your birds the same ration over and over again. They need variety, and it is well now and then to give them something new for a change. You have a bin of wheat, you need not feed this right along, but keep it for an occasional treat. They will value their feed more by picking up every kernel and working hard for the grain, where they would not have done so for the ordinary cracked corn. It is a good plan to have on hand a bag of the mixed grains which may be purchased at any feed store. This may be given now and then, so that they will have a chance to scratch for the small grains, and this will mean exercise at the same time.

### Show Animals, 1918

Now is the time to do your planning for your exhibits of live stock at the fairs in 1918. It is absolutely necessary to have all animals in good show shape, and well managed. It is positively useless to bring a thin, fleshed animal into the show, ring unless possibly in case of a prize, but these must be in perfect working health.

"Did you try counting sheep for your insomnia?" "Yes, but it only made matters worse—the sheep reminded me of my butcher's bill."—Boston Transcript.

### The Noble Foundation

Making Farming a Scientific Business Proposition

One of the most enterprising districts of Western Canada is that near Nobleton in South Alberta. Here there is a live bunch of farmers led by C. S. Noble and others in making farming a scientific business proposition.

The Noble Foundation this year has leased 10,000 acres in crop on its various farms. The big organization was more of a success this year than ever, and this is due to the wonderful organization Mr. Noble has built up, and the loyal support given by his whole force, office staff, foreman, workmen and all.

The Foundation this year had 3,882 acres of wheat on summer fallow, 3,650 acres of wheat on spring fallow, 1,570 acres of oats on spring fallow, 530 acres of rye on summer fallow, 235 acres of flax on spring fallow, 150 acres of corn, 40 acres of alfalfa, making a total of 9,777 acres under cultivation.

To give some idea of the enormous expense the Foundation is under Mr. Noble quotes the following figures: Total expenses for one day, \$1,200.

There are 250 horses employed. The cost of feeding one horse is 50 cents a day, making an expense of \$125 a day for horse feed.

There are 150 men employed, with an actual cash outlay for food of 60 cents a day, making a total of \$90 a day. Mr. Noble says the total cost for food for man and horse is at least \$1, including the produce that is grown on the farms.

There were 40 binders running all together, at an average cost of \$200 each, making a total for binders of \$8,000.

Carrier pigeons are doing their bit splendidly at the front, and have even been equipped with the latest thing in gas helmets. It is well known, of course, that both sides are using these birds, and consequently the greatest care has to be observed with regard to shooting any that appear on the scene. It is not unusual for our own birds to return from the other side of the enemy lines.

What is Your Particular Hobby?

EVERY one of us has some hobby in particular. It would be a poor work-a-day sort of an existence were we unable at times to relax ourselves in its pursuit. What are you interested in? Books! Every Saturday in The Herald you will find a comprehensive review of the best current literature. It will help you to better reading. Possibly you are a lover of the stage, or mayhap your whole interest is tied up in man's best friend, the dog, or is yours the keen pleasure of speed to the tune of the racuous Klaxon. Whichever of these hobbies you may follow you will find them freely and intelligently discussed in the Saturday Herald. Music lovers have come to regard The Herald's Wednesday music page as an authority in news and comment on musical happenings.
